Successfully Implemented at
Blue Cross BlueShield Nebraska

KEY FEATURES

Designed to automate and administer Level Funded underwriting and quoting process

- Complete online module to request, fill and manage member level health applications
- Dashboard to view all quotes, all health applications and scores
- Broker access for self serve quoting requests
- Underwriter supervisor and Individual Underwriter access
- API layer to seamlessly integrate with internal system
- Daily reports on health application status
- Meets BCBS security requirements
- Add ons for individual health application

IMPLEMENTATION FEATURES

- Implement with little to no IT overhead
- Fully Hosted solution on SOC and HIPAA compliant Microsoft Azure
- Implement with integrated underwriting
 - Using your own internal underwriting model
 - Leveraging our standard integration with Milliman WebMUG (additional fee for license of Milliman's WebMUG)
 - Utilize Empowered Margins' new integration with an AI/Machine Learning predictive underwriting model (additional fee for license of the AI model)
